

THE NEW FALL Walk-Over Shoes For Men and Women Have Arrived at Hart's Shoe Store

This Store of Good Shoes Sends a Fall Greeting to All Its Customers.

For several days we've been receiving from the best shoe makers known to the trade our line of Fall Footwear. These shoes were made to our order, made with little extras in this line and that to give the wearer extra comfort and service, a feeling of satisfaction and full value for the price paid. These new shoes are made of better quality leather than any we have seen during the past three years. We could tell you of the different styles, the different kinds of leather and the range of prices but they are all too many to mention.

During these next few days hundreds of people in and near this town will feel their need of new footwear. If you are one of them, are you going to be satisfied with ill-fitting, poorly made shoes? Why not create a desire for neat looking, comfort-giving, longer wearing footwear? Why not demand the best the price you wish to pay will buy? That's what we do and we believe we get them.

We are showing artistic shoes that will win great favor with women who appreciate footwear that rises way above the level of the ordinary lines of women's shoes. If you desire good shoes, desire the Best at

The readers of this paper will be
pleased to learn that there is at least
one dreaded disease that science has
been able to cure in all its stages and
that is catarrh. Catarrh being greatly
influenced by constitutional conditions
requires constitutional treatment. Hall's
Catarrh Medicine is taken internally and
acts thru the blood on the mucous sur-
faces of the system thereby destroying
the foundation of the disease, giving the
patient strength by building up the con-
stitution and assisting nature in doing its
work. The proprietors have so much
faith in the curative power of Hall's
Catarrh Medicine that they offer One
Hundred Dollars for any case that it fails
to cure. Send for list of testimonials.
